Internet of Things (IoT) Integrated Ecosystem Patents for Sale on the Ocean Tomo Bid-Ask™ Market

Ocean Tomo Bid-Ask™ Market patent auction lot 107 features patents related to a single bi-directional integrated Internet of Things (IoT) system delivering knowledge, content and controls.

CHICAGO, IL (March 13, 2020) Ocean Tomo Transactions, LLC, will auction a portfolio of 14 US and Canadian patents primarily directed toward the utilization of the connected devices to provide information and services like communication, alerts, advertising, energy management, among others at multiple premises in a controlled environment.

Available as Ocean Tomo Bid-Ask™ Market patent [auction lot 107](#), the patented invention provides a system for bi-directional communication of programmable control communications to and from places where people live, work, or generally occupy.

The patents in auction lot 107 are applicable in a wide variety of industries, including medical and health care, business to consumer retail and real estate as well as business to business communication and telephony, safety and security, medical and health, environmental, among others.

To request bidder credentials or for further information on this auction or other auctions on the Ocean Tomo Bid-Ask™ Market, contact Layna Guo at Layna@OTI.com or 1-312-327-8179.

About the Ocean Tomo Bid-Ask™ Market

The [Ocean Tomo Bid-Ask Market](#) is an open online platform to buy and sell patents. This market is an important step forward, both as a simplified solution for patent transactions as well as a source of information on patent pricing. The Ocean Tomo Bid-Ask Market uniquely combines the efficiency of an online platform with an experienced team of brokers fluent in both English and Mandarin. The market uses standard transaction documents and is open, transparent and free to view.
