

## **Novel Charging Solution for Electronic Devices Available on the Ocean Tomo Bid-Ask™ Market**

*Ocean Tomo Bid-Ask™ Market announces the auction of 22 utility and design patents with protection in the United States, China, and Europe which incorporate a power supply (AC or USB) into a lighting or fan fixture.*

Chicago, IL (February 18, 2021) Ocean Tomo Transactions, LLC will auction a portfolio of 22 utility and design patents with protection in the United States, China, and Europe. The patented invention incorporates a power supply (AC or USB) into a lighting or fan fixture. The technology included in the portfolio provides low-cost, adaptable convenience in a variety of home, office, retail, dining, travel, or hospitality settings. The devices provide access to power in any place with a lighting or fan fixture, effectively converting the fixture into a power outlet. The devices are easily adaptable to any type of fixture and are very discreet. This solution is unique and provides a cost-effective solution to a commonplace issue. The entire portfolio is available through the Ocean Tomo Bid-Ask™ Market, [auction lot 137](#). The technology in this portfolio will benefit manufacturers and merchandisers of lighting, appliance, furniture, hardware, home décor, and electronics devices.
