

Security on the Go®

mobiloc™ GPS

SECURE YOUR WORLD.

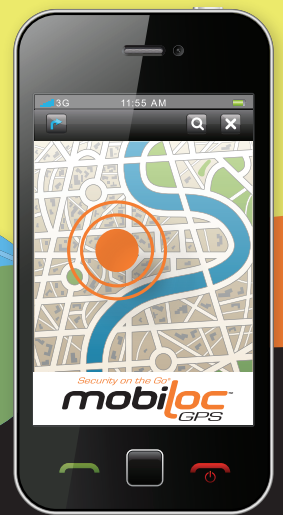

Designed. Tested. Patented.

Designed and tested to be the smartest lock on the streets, Mobiloc™ secures your mobile property so you have peace of mind. Its built-in GPS technology allows you to track your ride from any location, *anytime*. Mobiloc™ permanently mounts to your frame—*going where you go*—with no bulky transport or maneuvering. And with a retractable cable that secures to almost anything, Mobiloc™ makes traditional locks obsolete.

This lock leaves a trail.

Thinks like a thief. Mobiloc™ comes equipped with an optional, state-of-the-art GPS tracking system. Even if you choose to purchase Mobiloc™ without the GPS, thieves won't know the difference and will steer clear of your property once they see your Mobiloc™.

Acts like a ninja. If the Mobiloc™ GPS tracker is activated, you can target your bike's location from any computer or smart phone using our specialized tracking software and app.

Mobiloc™ Keeps Thieves Guessing.

Mobiloc™ gives consumers two smart options :

- GPS equipped unit with retractable locking cable
- Non-GPS unit with retractable locking cable

How it works:

Free Mobiloc Bike App

Bike tracker app for Apple® and Android®

Mobiloc™ Alerts:

- Coordinates
- Low Power
- Geo-Fence
- Tampering

Long Battery Life

Mobiloc™ comes with a long lasting Lithium-ion battery and utilizes our exclusive PowerSave Technology to get the most out of the battery life.

The Power of GPS Tracks Your Bike

Mobiloc™ tracks your bikes movement in real time once to help find your bike quickly and bring it back safely.

- GSM Frequency Band 850/900/1800/1900
- GPS continuous positioning, GPR regular reporting

Global Coverage

Mobiloc™ uses cellular and GPS technology via the top wireless networks across the globe.

Product specifications:

- Outside reinforced housing is made of high-impact injection-molded nylon and ABS
- 9mm steel braided cable with protective coating that locks into itself
- Internal recoil corrosion-resistant spring made of tempered stainless steel
- Self-locking laser cut key entry system
- Adjustable mounting bracket with break-away bolts
- Optional GPS state-of-the-art tracking device with anti-jamming and secondary location capabilities
