Digital Privacy Patents Available on the Ocean Tomo Bid-Ask™ Market

Ocean Tomo Bid-Ask™ Market patent portfolio auction of patents related to Facial Recognition Privacy.

CHICAGO, IL (February 12, 2019) Ocean Tomo Transactions, LLC will auction a portfolio of patents related to Facial Recognition Privacy.

The patents in [lot 90](#) relate to technologies that teach modifying an image containing a face whereby typical facial recognition metrics are altered such that automatic facial identification is rendered impossible or nearly impossible. The alteration process, which relies on defining an algorithm for the altering of facial recognition metrics, achieves preservation of aesthetic qualities while obscuring an identity of interest in a digitally encoded photographic image.

The patents in this auction would be of interest to social media companies, smartphone device manufacturers, and facial recognition companies.

To request bidder credentials or for further information on this auction or other auctions on the Ocean Tomo Bid-Ask™ Market, contact Layna Guo at LaynaGuo@OTI.com or 1-312-327-8179.
