## **Children's Toilet Training Chair Patents Available for Sale on the Ocean Tomo Bid-Ask™ Market**

Auction of US, European and Asian patents for a novel children's toilet training chair underway on the Ocean Tomo Bid-Ask™ Market.

CHICAGO, IL (January 16, 2020) Ocean Tomo Transactions, LLC will auction a portfolio of five patents issued by the United States, Chinese, European and Taiwan patent offices related to a novel children's toilet training chair. The patents in [auction lot 97](#) disclose a unique toilet training chair that adjusts by a pivot at the front of the device which can raise or lower the angle of the squat. The deepest squat or lowest position would be the starting place, and over time the angle would approach 90 degrees. According to the inventor, it is also the only freestanding device which places the child into the best position for elimination and then trains the child over time to get used to what it will be like to sit on a traditional toilet. According to the seller, Diane Deutsch, MD, MS, "it is the only potty chair designed by a child psychiatrist and development expert that takes the trauma out of toilet training."

To request bidder credentials or for further information on this auction or other auctions on the Ocean Tomo Bid-Ask™ Market, contact Layna Guo at [Layna@OTI.com](mailto:Layna@OTI.com) or 1-312-327-8179.

### **About the Ocean Tomo Bid-Ask™ Market**

The [Ocean Tomo Bid-Ask Market](#) is an open on-line platform to buy and sell patents. This market is an important step forward, both as a simplified solution for patent transactions as well as a source of information on patent pricing. The Ocean Tomo Bid-Ask Market uniquely combines the efficiency of an online platform with an experienced team of brokers fluent in both English and Mandarin. The market uses standard transaction documents and is open, transparent and free to view.
